OBJECTIVES

My overarching goal as I return to the workforce is to make a positive difference in education. Whether I resume teaching in the classroom, work behind the scenes, or train and assist colleagues, my place is in education. No matter my role, I will facilitate instruction based around sound design, learning theory, and appropriate instructional technologies.

EDUCATION

North Carolina State University
Raleigh, NC

2020, Master of Education,
Learning Design & Technology

Experience has shown me that ...

Consistency, clear communication, and integrity are key to managing a classroom. • Collaboration and data analysis are essential for maximizing student achievement. • Learners may require tutoring or even multiple chances to be successful. • Technology is more effective when it is used judiciously.

KEY SKILLS

G Suite for Education • MacOS •
Windows • Digital & Online
